Scope and Scale: What Makes the ODE3 So Comprehensive?

The sheer scope of the Oxford Dictionary of English, 3rd

Edition, is one of its most striking features. Boasting over 350,000 words, phrases, and meanings, it covers an astonishingly wide array of vocabulary. Key Features and Innovations in the 3rd Edition

The 3rd Edition of the Oxford Dictionary of English introduced several key features that enhanced its usability and authority. One of the most significant was its strengthened focus on current English. Another innovation lies in the increased attention to

idiomatic expressions and phrasal verbs. These notoriously tricky aspects of English are given dedicated treatment, with clear explanations and examples that demystify their usage. The ODE3 recognizes that mastering these idiomatic phrases is essential for fluency and a deep understanding of the language.

The integration of digital technology has also been a game-changer. These digital versions offer enhanced search functionalities, allowing users to find information much faster and with greater precision.
