The Christian faith is a tapestry woven with threads of history, present experience, and future hope. Understanding how these elements interrelate is crucial for a robust spiritual life and a faithful witness to the world. For many, this understanding has been profoundly shaped by the groundbreaking work of J.P. Moreland and William Lane Craig, particularly in their "Renewal Theology" series. Volume 3, "The Church, The Kingdom, and Last Things," stands as a capstone, intricately connecting the life of the Church today with the ultimate purposes of God. This isn't just an academic exercise; it's a vital exploration of what it means to be part of God's unfolding plan, from our present reality to the glorious consummation. If you're a student of theology, a pastor, or simply someone seeking a deeper understanding of Christian eschatology and ecclesiology, then diving into Volume 3 of "Renewal Theology" is an essential journey. This volume tackles some of the most significant and often debated aspects of Christian doctrine, providing a cohesive framework for understanding God's ongoing work in the world. Let's unpack what makes this book

so impactful.

Understanding the "Renewal" in Renewal Theology

Before we delve into Volume 3 specifically, it's important to grasp the overarching theme of "Renewal Theology." This theological framework emphasizes God's ongoing work of renewal and restoration in creation, humanity, and ultimately, in the consummation of all things. It's not about a static faith, but one that is dynamic, vibrant, and actively participating in God's redemptive mission. This emphasis on renewal has significant implications for how we view the Church's role and its participation in God's kingdom, both now and in the future. The authors skillfully navigate the complexities of theological discourse, making profound concepts accessible without sacrificing depth. This approach is particularly evident in Volume 3 as they explore the interplay between the Church, the Kingdom of God, and the eschatological realities of "last things."

The Church: More Than Just an

Institution

Volume 3 of "Renewal Theology" places the Church at the forefront, not as a mere historical artifact or a passive observer, but as an active and integral participant in God's redemptive plan. This section of the book challenges traditional views and offers a compelling vision of the Church's identity and mission.

The Nature and Mission of the Church

The authors begin by grounding the reader in the biblical understanding of the Church. They explore its origins, its divine calling, and its essential nature as the body of Christ. This isn't just about the visible gathering of believers, but about the profound spiritual reality of Christ's presence and indwelling power within His people. They emphasize the Church as a living organism, empowered by the Holy Spirit to carry out Christ's ministry in the world. Key discussions often revolve around concepts like: * **The Church as the New Humanity:** Understanding the Church not as an exclusive club, but as a foretaste of the redeemed humanity that will inhabit the new heavens and new earth. * **The Sacramental Life:** Exploring the role of baptism and the Lord's Supper

as vital expressions of the Church's identity and its connection to Christ's redemptive work. * **The Gifts of the Spirit:** Delving into the diverse spiritual gifts bestowed upon believers for the building up of the body and the advancement of God's kingdom. This aspect is crucial for understanding the Church's dynamic and active role. * **The Church's Ethical Mandate:** Examining the Church's responsibility to live out Christ's teachings in concrete ways, demonstrating justice, mercy, and love in a fallen world. This relates directly to its kingdom-building activities. The authors skillfully weave in insights from historical theology and contemporary missiology, providing a rich and nuanced understanding of the Church's multifaceted role. This isn't a book that advocates for denominational exclusivity, but rather for a unified understanding of the Church as God's chosen instrument for His purposes.

The Church as a Kingdom Community

A significant portion of Volume 3 is dedicated to understanding the Church *as* a kingdom community. This means that the Church isn't just preparing for the kingdom; it is, in a real sense, an outworking of the kingdom of God on earth. This

perspective challenges the idea of a strict dichotomy between the present church age and the future kingdom. Here, the discussion often touches upon: * **The Already and the Not Yet:** Exploring how the kingdom of God is both inaugurated in Christ's first coming and will be fully consummated in His second coming. The Church lives in this tension, experiencing aspects of the kingdom's reality while still longing for its complete realization. * **Kingdom Ethics:** How the values and principles of God's kingdom – love, justice, peace, righteousness – should be reflected in the life and practices of the Church. This is where the practical outworking of theological concepts becomes paramount. * **Discipleship as Kingdom Participation:** Understanding discipleship not merely as personal salvation, but as actively participating in God's kingdom work through service, evangelism, and social transformation. This understanding of the Church as a kingdom community has profound implications for our daily lives as believers. It calls us to live differently, to embody the values of heaven here on earth, and to actively contribute to the spread of God's reign.

The Kingdom of God: A Present and Future Reality

The concept of the Kingdom of God is central to Christian theology, and Volume 3 of "Renewal Theology" offers a comprehensive and insightful exploration of its multifaceted nature. This isn't a vague, ethereal concept, but a tangible reality that impacts both the individual believer and the collective Church.

The Inaugurated Kingdom

Moreland and Craig meticulously detail the concept of the inaugurated kingdom, emphasizing that with Christ's first coming, the reign of God broke into history in a powerful and transformative way. This wasn't just a future promise; it was a present reality that began to reshape the world. Key points explored here include: * **Christ's Ministry as Kingdom Proclamation:** Jesus' miracles, teachings, and healings were not just displays of power, but signs of the kingdom's arrival and its dominion over sin, sickness, and death. * **The Kingdom Within:** Understanding the kingdom as an internal reality, a transformation of the human heart through the

indwelling Holy Spirit, leading to a new way of living. * **The Kingdom in the Church:** As mentioned earlier, the Church is the primary earthly manifestation of this inaugurated kingdom, a community living under Christ's authority. This understanding of the inaugurated kingdom provides a vital bridge between our present experience and God's ultimate purposes, demonstrating that the future kingdom has already begun to break into our present reality.

The Consummated Kingdom: Looking Towards Last Things

The other side of the kingdom coin, and a significant focus of Volume 3, is the consummated kingdom – the glorious future reality when Christ returns and establishes His perfect reign in its fullness. This is where the book truly engages with "last things" or eschatology. This section of the book typically delves into: * **The Second Coming of Christ:** A detailed examination of biblical prophecies and theological understandings surrounding Christ's return. * **The Resurrection of the Dead:** Exploring the bodily resurrection of believers and unbelievers, and its implications for eternity. * **The New Heavens and New Earth:** A vivid picture of God's ultimate

restoration of creation, a perfected cosmos free from sin, suffering, and death. This is the ultimate hope of Christian eschatology. * **The Final Judgment:** Understanding the divine justice that will be meted out, both for believers and unbelievers. * **Eternal Life:** Defining what it means to live eternally in God's presence, a life of perfect communion and joy. The authors approach these often-speculative topics with careful attention to biblical texts and a commitment to theological coherence. They offer robust arguments that aim to provide clarity and confidence regarding these future realities. This is crucial for believers who may feel uncertain or confused about end-times prophecies.

Last Things: Hope, Judgment, and the Consummation

The "Last Things," or eschatology, are not just abstract theological discussions in Volume 3; they are presented as the ultimate culmination of God's redemptive plan, providing a profound source of hope and a call to faithful living.

Biblical Foundations for Eschatology

Moreland and Craig meticulously build their

eschatological framework upon the bedrock of Scripture. They explore a wide range of biblical genres – prophecy, apocalyptic literature, epistles, and gospels – to construct a coherent understanding of God's future purposes. This involves careful exegesis and attention to the historical and literary context of various biblical texts.

Navigating Different Eschatological Views

While the authors present their own reasoned positions, "Renewal Theology Vol 3" also demonstrates an awareness of and engagement with different eschatological viewpoints within evangelicalism. This might include discussions of: * **Millennialism:** Exploring differing interpretations of the millennium (premillennialism, postmillennialism, amillennialism) and their implications for understanding the kingdom and the end times. * **Rapture Views:** Addressing various perspectives on the timing and nature of the rapture of the Church. The authors' goal is not to force readers into a single mold, but to equip them with the tools to engage with these complex issues thoughtfully and biblically. They encourage critical thinking and a humble approach to matters that are

not always explicitly detailed in Scripture.

The Hope of the Resurrection and New Creation

Perhaps the most significant aspect of "Last Things" discussed is the glorious hope of the resurrection and the creation of a new heavens and a new earth. This is where the Christian faith offers a radical and transformative vision of the future, a future where God's redemptive work is finally and fully realized. The authors emphasize that this is not a disembodied existence in heaven, but a renewed physical existence in a renewed physical universe. This offers a tangible and robust hope that transcends our current earthly struggles. This hope has a direct bearing on how we live today. Knowing that God is actively working towards this ultimate consummation, the believer is called to live with anticipation, faithfulness, and a deep sense of purpose. Our present actions, our ministry in the Church, and our participation in building the kingdom are all imbued with eternal significance because they are part of God's grand, unfolding plan.

It doesn't merely present a series of isolated doctrines but weaves them together into a cohesive and dynamic tapestry, demonstrating how the present reality of the Spirit-filled church is

inextricably linked to the future inauguration of God's eternal Kingdom and the glorious return of Christ. We will also examine the significance of this work within the broader context of theological discourse and its practical implications for believers today, making it a valuable read for those interested in charismatic theology, Pentecostal hermeneutics, and eschatology studies.

The Indwelling Spirit and the Embodied Church

Williams masterfully begins Volume 3 by focusing on the church, not as an abstract institution, but as a living, breathing community indwelt by the Holy Spirit. This emphasis on the Spirit's active presence is a hallmark of renewal theology and shapes every subsequent discussion. The church, in Williams' view, is the primary vessel through which God's redemptive work is being accomplished in the present age.

The Ecclesial Identity: More Than Mere Organization

Moving beyond traditional understandings of the church as simply an organizational structure or a historical entity, Williams anchors its identity in its pneumatic reality. The church is the "body of Christ," a concept he expounds upon with a rich understanding of its spiritual dynamism. This means the church is not static but is continuously renewed and empowered by the Holy Spirit. Key aspects explored include:

1. **The Sacramental Life:** Williams revisits the sacraments, emphasizing their pneumatological dimension. Baptism and the Lord's Supper are not merely symbolic acts but are conveyors of divine grace, empowered by the Spirit to confirm believers in their union with Christ and with each other.
2. **The Gifts of the Spirit:** A central pillar of renewal theology, the gifts of the Spirit (charismata) are presented not as relics of the apostolic age but as ongoing empowerments for the church's mission and edification. Williams meticulously examines various spiritual gifts, arguing for their normative operation within the contemporary church, thereby

shaping its function and witness. This resonates with discussions around spiritual gifts and ministry.

3. **The Priesthood of All Believers:** While acknowledging ordained leadership, Williams strongly affirms the universal priesthood of believers, each empowered by the Spirit to serve and minister. This perspective fosters a more participatory and dynamic church culture, where every member is encouraged to exercise their God-given capacities.

The Mission of the Church: A Kingdom Mandate

The church's purpose, according to Williams, is inextricably linked to its role as a herald and agent of the Kingdom of God. It is commissioned to proclaim the gospel, heal the sick, cast out demons, and demonstrate the transformative power of God's reign in tangible ways. This mission is not merely evangelistic but also demonstrative, reflecting the already-present reality of God's rule.

The Kingdom of God: Inaugurated

and Advancing

The concept of the Kingdom of God is central to Williams' theological framework. He presents a robust understanding of its inaugurated nature – it has already come in Christ's first coming, yet it is still to be fully consummated. This tension between the "already" and the "not yet" is crucial for understanding the dynamics of Christian life and mission.

The Dual Nature of the Kingdom

Williams articulates the Kingdom of God as possessing a dual character:

1. **The Present Reign:** The Kingdom is present in the hearts and lives of believers through the indwelling Spirit, in the assembled church, and in the manifestation of God's power. This present reign is characterized by righteousness, peace, and joy in the Holy Spirit.
2. **The Future Consummation:** The full realization of the Kingdom awaits Christ's second coming, when God's reign will be universally and visibly established, bringing about the eradication of sin, suffering, and death. This future hope provides a

powerful motivation for present obedience and mission.

The Kingdom and the Church: An Intertwined Reality

The relationship between the church and the Kingdom is not one of mere association but of profound interdependence. The church is the earthly manifestation of the Kingdom, embodying its values and advancing its interests. Williams argues that the Spirit-filled church, empowered by the Spirit, is the primary instrument through which the Kingdom breaks into human history.

This understanding of the Kingdom's presence and advancement has significant implications for kingdom evangelism, social justice, and the church's engagement with the world. It calls believers to live as citizens of God's reign, actively participating in its unfolding.

Last Things: A Prophetic Vision of Hope and Redemption

The final section of *Renewal Theology, Volume 3* addresses eschatology, the doctrine of "last things."

Williams offers a carefully considered and biblically grounded perspective on the future, emphasizing the ultimate triumph of God and the glorious culmination of his redemptive plan.

Key Eschatological Themes

Williams navigates the often-complex landscape of eschatological discourse with clarity and insight, focusing on:

1. **The Return of Christ:** The imminent and personal return of Jesus Christ is presented as the pivotal event of eschatology, the moment when the Kingdom will be fully consummated and God's promises will be realized.
2. **The Resurrection of the Dead:** Both the righteous and the unrighteous will be resurrected, a testament to God's sovereignty over life and death. This event ushers in the final judgment.
3. **The Final Judgment:** This is presented not as an arbitrary act but as a righteous determination of all things, resulting in the eternal separation of the redeemed from the wicked.
4. **The New Heavens and the New Earth:** The ultimate hope is for a renewed creation, a restored paradise where righteousness dwells, free from sin

and its devastating consequences. This vision offers profound hope and a compelling motivation for holy living and faithful witness. Discussions around new creation theology are directly informed by this section.

The Relevance of Prophecy

Williams doesn't shy away from the prophetic aspects of Scripture, arguing for their ongoing relevance in guiding the church's understanding of God's purposes. He emphasizes that prophetic understanding should always be Christ-centered and lead to greater holiness and mission. His approach to biblical prophecy interpretation is grounded in a desire for practical spiritual growth.
