What Exactly are the 'Littere Wallie' and the Liber A?

Before we dive into the specifics of what these documents tell us, let’s clarify what we’re talking about. The **Liber A** is essentially a medieval register or account book. While the exact origins and purpose of this specific inclusion within the Liber A are a subject of scholarly debate and require careful interpretation, they generally refer to official correspondence, warrants, or decrees that were considered particularly significant or noteworthy enough to be recorded.
