You're essentially stealing from the creators who poured their time, talent, and effort into the story. * **Malware and Viruses:** Many unofficial download sites are riddled with malware, viruses, and spyware. Downloading from them can compromise your device's security, leading to data theft or system damage. * **Poor Quality:** Pirated versions are often of inferior quality, with formatting errors, missing pages, or incorrect text. This can significantly detract from your reading experience. * **Lack of Support for Authors:** By using legitimate channels, you're directly supporting the authors and publishers, allowing them to continue creating the stories you love. * **Ethical Concerns:** Beyond the legal implications, there's an ethical consideration.
