"When I Survey the Wondrous Cross" was penned by Isaac Watts in 1707 and first published in his collection *Hymns and Spiritual Songs*. Watts, a prolific hymn writer, was driven by a desire to create congregational hymns that were more theologically rich and poetically engaging than the psalmody common at the time. Watts himself described this hymn as "the best, and I trust, the most useful of any that I have comprised." His intention was to focus on the *glory* of the cross, rather than just the suffering. He wanted to shift the focus from mere pity to a

profound sense of awe and gratitude for Christ’s sacrifice. This is immediately evident in the opening line, which sets the stage for a contemplative and worshipful survey of the cross. The lyrical beauty and theological depth of the original text are what continue to draw people to this hymn, and these qualities are faithfully represented in its various musical interpretations.
