Harriet Tubman: The Moses of Her People

When we talk about American heroes, names like Washington, Lincoln, and MLK Jr. often spring to mind. But there's another figure whose courage, resilience, and unwavering commitment to justice echo just as powerfully through the corridors of history: Harriet Tubman. Often hailed as "The Moses of Her People," Tubman's life was a testament to the indomitable human spirit and a beacon of hope for those yearning for freedom. Her story isn't just about one extraordinary woman; it's a profound narrative of liberation, activism, and the enduring fight against oppression.

The Shackles of Slavery and the Spark of Freedom

Born Araminta Ross around 1822 in Dorchester County, Maryland, Harriet Tubman entered the world as a slave. Her early life was marked by the brutal realities of chattel slavery. She endured harsh labor, constant fear, and the constant threat of family separation. From a young age, she witnessed firsthand the dehumanizing effects of slavery, experiencing physical abuse that left her with lifelong health issues, including narcolepsy. Yet, within this oppressive system, a fire for freedom burned brightly in her soul.

The turning point came in 1849. Faced with the imminent threat of being sold further south, Tubman made a courageous decision: she escaped. Leaving behind her husband, who was unwilling to join her, and her family, she embarked on a perilous journey north, guided by the North Star and the network of abolitionists known as the Underground Railroad. This was not a literal railroad but a clandestine system of safe houses and secret routes used by enslaved people to reach free states and Canada. Her successful escape was not an end but a beginning. She realized that her freedom was incomplete as long as her people remained enslaved.

Becoming "Moses": The Conductor of the Underground Railroad

After reaching Philadelphia and experiencing freedom for the first time, Tubman couldn't rest. Her heart ached for those left behind. Driven by an immense sense of duty and a profound faith, she decided to return to the South to guide others to freedom. This is where her legend as "Moses" truly began. Just as Moses led the Israelites out of Egypt, Harriet Tubman, with unparalleled bravery, led dozens of enslaved people out of the bondage of the South.

Over the next decade, Tubman made approximately 13 dangerous missions back into Maryland. Her methods were ingenious and her resolve unbreakable. She operated under the cover of darkness, traveling on foot, often through treacherous terrain and under constant threat of capture. She used disguises, coded messages, and her intimate knowledge of the landscape to evade slave catchers and their hounds. She was known for her unwavering determination, famously stating that she "never ran my train off the track and I never lost a

passenger." Her courage was so profound that she would often carry a pistol, not for violence, but as a deterrent and to ensure that no one turned back, risking the freedom of the entire group.

The Dangers and Daring of the Expeditions

Each journey was fraught with peril. The Fugitive Slave Act of 1850 made it even more dangerous for escaped slaves and those who aided them, as it allowed slave owners to reclaim their "property" even in free states. This meant that Tubman and her "passengers" had to travel much further, often to Canada, to ensure their safety. The rewards for her capture were immense, making her a constant target. Yet, Tubman’s meticulous planning, her faith, and her sheer grit allowed her to repeatedly outsmart her pursuers. She understood the psychology of the slave system and exploited its weaknesses.

Her success was not just about physical bravery; it was about strategic brilliance. She would travel during times of year when travel was less suspicious, often during planting and harvest seasons when enslaved people were expected to be working. She used lullabies and spirituals as coded signals, understood only by those in the know. She built trust and fostered a sense of community among those she helped, instilling hope in the face of despair.

Beyond the Underground Railroad: A Life of Activism

Harriet Tubman's fight for freedom did not end with the Underground Railroad. When the Civil War erupted, she saw it as another opportunity to strike a blow against slavery. She became an invaluable asset to the Union Army, serving as a cook, a nurse, and, most remarkably, as a spy and an armed scout.

Her intelligence gathering skills were crucial. She gathered information about Confederate troop movements and defenses, often behind enemy lines. Her most celebrated military action was leading the Combahee River Raid in South Carolina in 1863. This daring operation, carried out with the support of the Union Navy, resulted in the liberation of over 700 enslaved people. It was a significant victory and a testament to her leadership and strategic acumen. She was the first woman to lead an armed expedition in the war.

A Warrior for Justice: Nursing and Espionage

As a nurse, Tubman cared for wounded Union soldiers, both Black and white, often in makeshift hospitals. Her knowledge of herbal remedies, honed during her time in slavery, was invaluable. Her compassion and dedication were a source of comfort to many in their darkest hours. Her work as a spy was equally vital. Her ability to blend in and gain the trust of those in occupied territories allowed her to gather critical intelligence that aided Union campaigns. She was a master of disguise and deception, using her wits to navigate dangerous situations.

The Later Years: Championing Women's Suffrage and

Caring for the Elderly

Even after the Civil War and the abolition of slavery, Tubman remained a tireless advocate for justice and equality. She recognized that the fight for civil rights was far from over. She became a passionate supporter of the women's suffrage movement, drawing parallels between the oppression faced by women and that experienced by African Americans. She understood that true liberation meant equal rights for all.

Her later years were also dedicated to caring for others. She established the Harriet Tubman Home for the Aged in Auburn, New York, where she lived for many years. She poured her energy and what little resources she had into providing a safe and comfortable place for elderly and impoverished African Americans. This was a natural extension of her lifelong commitment to helping those in need.
